While reviewing our files, we have realized that we have made a mistake, and placed the same authors name that has already been used in our previously published paper.

We hereby confirm that the Vinod M Thakare, Baviskar D.T name was forgot in above research paper published. Their contribution in the above research was premium. Therefore some alterations are needed. The possible solution we suggest was to change the first author name SANDEEP D JADHAV to RAHUL N KALAMBE and other are VINOD M THAKARE., DHEERAJ T BAVISKAR, BHARAT W TEKADE, VIJAY R PATIL.

To simply add the First author name and next author RAHUL N KALAMBE VINOD M THAKARE, DHEERAJ T BAVISKAR, SANDEEP D JADHAV, CHETAN M JADHAV, BHARAT W TEKADE, VIJAY R PATIL for the paper Formulation and evaluation of Fast dissolving oral film of levocetirizine dihydrochloride.

The authors sincerely apologize for the confusion caused by this error.
